SS SP Storyline (Make Sadak Pappu & Sadak Suraksha do what you want) [Code: SSASP]

SadakSuraksha.in got created and copyrighted two characters viz. Sadak Pappu and Sadak Suraksha. Sadak Pappu is a male naughty character who uses road erratically whereas Sadak Suraksha is a female character who suggests rules, regulations or right way of using road. Sadak Suraksha corrects Sadak Pappu on his erratic or wrong driving. We invite storylines from students suggesting actions that can be carried out by Sadak Pappu and Sadak Suraksha communicating road safety issues. The objective of making storylines is to convert them into comics, images, and videos/animations so that the message can be shared to wider audiences with more effectiveness.
